The Baronial website located at <http://www.ruantallan.org> continues to be updated regularly.

### **Current Web Statistics:**

Unique Visits

July 2006	294
August 2006	1288
September 2006	1503

\*Low stat records during the month of July are undoubtedly the result of server resets/rebuild.

### **Other Information:**

#### ***Curia Minutes***

On May 21, 2006 I posted a notice to the Rcuria list that the meeting minutes for January 2006 were posted to the website, but incomplete.

My note indicated:

“I have posted the January approved minutes, however, in them it notes that both the exchequer and YYG seneschal reports are filed on the yahoo group. I would have added those to the pdf but unless i'm missing them, they aren't actually filed. Can someone please advise on these reports?”

To date I have yet to receive a reply to my inquiry and thus, the minutes for January's meeting have remained posted in their incomplete state.

This is a left over outstanding item from my July 2006 report. As yet I still have not received any clarification on this outstanding information.

### ***Pending Revisions***

I am still working on specific code intended to prevent blank forms from being submitted via the server by spam spiders. I don't want to implement this code on the live site until full testing has been completed.

I have also found that the javascript code used to generate the drop down menus on the site is somewhat antiquated, and may incur display issues on other browser environments. As a result, I will be working to replace the drop down menu site-wide with something more cross-browser compliant.

### ***Website Hosting Renewal***

The ruantallan.org annual hosting fee was due for renewal in October 1, 2006. Although a payment was received, I was advised by the Kingdom Chancellor/Lawyer to not negotiate the cheque due to a question surrounding the name on the account. At this time I will be returning said cheque in order to obtain a replacement.

Typically the site would have been removed from the server on October 8<sup>th</sup>, however, because of two server outages throughout this year, every client was credited with one extra month. This extra month **would** have been tacked on to the end of our renewal year 2006-2007. However, in the absence of an annual renewal, that free month of hosting was tacked onto this year.
